- 13:27:25 From yonah gershator : Teresa...thank you for sharing your story. it was very rich... it brought to mind a lot of the anger I've harbored for a chiropractor who was supposedly using a gentle technique (and it was not) that added insult to injury that i had and was left with symptoms that i never had in my life and which I'm still recovering from...thank you again...
- 13:30:50 From Victoria Ahrensdorf : Teresa, thank you for your authenticity and beauty... beauty in all ways. It is so easy to compare ourselves to others... I was just doing this yesterday. Instead of us seeing ourselves as we are not good enough... perhaps we are just not connecting with all the Divinity in our cells, in our Selves... in that moment that we are forgetting... that we are not God enough.

- 13:58:13 From yonah gershator : Heimke...that was intensely beautiful and profound.
- 14:00:07 From Linda Claire - Irvine, CA : Pam;; Thanks for sharing. In 1986 I finally quit a job which was over-stressful. I had no idea what I was going to do to pay my bills, but I had been asking for help for several months and suddenly had this inner message, "Do you trust enough?" I thought, "Yes" - then received "Do you trust ENOUGH?" -- meaning to quit without knowing what was next. I felt like I was standing on the edge of a cliff, hanging on with my toes -- but I followed the guidance, knowing I had always been protected. Miracles happened, and I've never regretted my decision. Am sure you life will open up to the next path in the same way mine did. TRUST was so strong that I absolutely HAD to do it. The same will be available for you. You would not have shut down your practice unless the future was already in alignment for you. Be happy and let yourself be guided! Thanks so much for sharing. I, too, am a cat pillow and have special fur-babies to whom I'll now write letters.
- 14:03:52 From Pamela Beets : Thank you everyone . your support, ideas and trust means so much for me. Thank you for sharing your experiences and feelings. hugs
- 14:08:10 From Victoria Ahrensdorf : The courage to grieve... this is what I wish for people who have had a loss... for us all....
- 14:08:53 From Juel Duke : Lind and Pam. Ive been in that 'on the precipice" place and I just let go. Instead of falling, I felt like I had taken a giant step backwards from the abyss.
- 14:10:57 From Victoria Ahrensdorf : Teresa, beautiful song!

- 14:11:12 From yonah gershator : Teresa...that was FUN. :) you have a lovely voice :)
- 14:12:00 From Nancy Addison (Helmers) : Pamela, the deep grieving I have been doing since the loss of my beloved dog has felt SO good! I know that may sound strange. But she has helped my release a lot of grief about other things as well.
- 14:12:07 From Pamela Beets : oh my all- what wisdom. I think later i will be an excellent cat pillow and sing a song about being a cat pillow and purring :)
- 14:33:57 From Victoria Ahrensdorf : There is a more gentle way to get stem cell activation... affordable and non-invasive. If interested, it is accessible in many countries, I can help. Feel free to contact me, or my site is: TheWisdomOfLight.com (This new work is my pandemic pivot after closing my Feldenkrais practice.)
